Oluwafisayo Ayodele (Komolafe)

AI Trainer | AI Data Evaluator | Project & Customer Experience
Specialist | Quality Review | Operations
Newcastle Upon Tyne, England, United Kingdom

Summary

I am a customer experience and operations professional with experience in energy services, project coordination, stakeholder communication, quality-focused work and problem solving. I am particularly interested in AI training, AI response evaluation, data quality, content review and human-in-the-loop AI projects. I enjoy analysing information, following detailed guidelines, identifying inconsistencies and assessing whether information is accurate, relevant and clearly presented. Result-driven Project Manager experienced in leading projects across diverse industries, including FinTech sector. Experience overseeing project lifecycles from initiation to completion, ensuring on-time delivery within budget and scope. Proficient in utilising tools such as Jira, Balsamiq, Lucid Chart, MS Visio, MS Excel, and MS Project to facilitate meticulous planning, resource optimisation, and proactive risk management for successful project outcomes. Skilled in aligning project objectives with strategic business goals and fostering effective collaboration with cross-functional teams to drive operational efficiency and achieve business growth. Strong leadership and communication abilities contribute to comprehensive project management, enabling strategic decision-making and effective stakeholder engagement.

KEY ACHIEVEMENTS

Key Achievement: 3 years of experience in project management training and growing expertise in AI evaluation and training, positioning me to contribute effectively to AI training, data annotation and model evaluation projects.

Developed and executed comprehensive marketing plans, including budgeting, market research, and analysis, resulting in a 20% increase in brand awareness within the first year.

- Participated in monthly sales meetings and quarterly sales training, enhancing knowledge and skills and contributing to a

15% improvement in sales performance. • Developed and maintained detailed project schedules, including timelines, milestones, and deliverables, achieving a 95% on-time delivery rate. Areas of interest: • AI Training & AI Evaluation • AI Data Annotation & Quality Review • Content Evaluation • AI Response Evaluation • Data Quality & Research • Customer Experience • Project Coordination • Operations & Process Improvement I am open to remote and flexible opportunities with organisations developing and improving AI systems.

Experience

EDF

Energy Specialist

October 2023 - Present (3 years 1 month)

United Kingdom

Provide feedback to management on potential improvements to customer service processes, contributing to the continuous improvement of service standards. Adhere to company policies and procedures, maintaining consistency and compliance in all customer interactions and service delivery.

- Follow up with customers to ensure their problems have been resolved satisfactorily, reinforcing the company's commitment to customer service.
- Address customer concerns and resolve issues related to planned outages, minimizing disruption and maintaining customer satisfaction.
- Maintain in-depth product knowledge and confidently discuss product features and benefits with customers, enhancing their understanding and satisfaction.
- Oversee accurate customer interactions and transaction records, ensuring data integrity and compliance with company policies.
- Maintain a positive and professional demeanour, reflecting the company's values and commitment to excellent customer service.

RiTem Consulting Ltd

Project Manager

2024 - Present (2 years)

Spearhead several digital solutions projects, including developing a user-friendly and intuitive web solution for an insurance company by efficiently managing sprints and overseeing the project from inception to successful delivery. Utilise Balsamiq and MS Project for the project planning, ensuring

the launch of an operational minimum viable product (MVP) within designated timelines.

- Monitor and report on project progress, using key performance indicators (KPIs) to measure success and make data-driven decisions.
- Manage relationships with key stakeholders, internally and externally, to ensure clear communication, alignment of priorities, and resolution of project issues promptly.
- Identify potential risks and issues impacting project delivery and implement proactive measures to mitigate them effectively.
- Gather comprehensive requirements, define detailed project scopes, strategically allocate resources, and establish realistic schedules to meet complex project demands.
- Communicate consistently and clearly with outsourced team members, providing regular updates and feedback to ensure the project remains on track.

Mutual Benefit Life Assurance Ltd
Project Coordinator (Sales and Marketing)
2019 - 2022 (3 years)

Executed several marketing campaigns projects that aided in selling various insurance products to individuals and affinity groups within assigned territories using consultative selling techniques. Prepared PMO briefs for marketing initiatives and coordinated the approval process, ensuring timely execution and achieving a high approval rate on the first submission.

- Developed and executed comprehensive marketing plans, including budgeting, market research, and analysis, resulting in a 20% increase in brand awareness within the first year.
- Organized trade shows and event planning activities, including logistics and vendor coordination, resulting in successful participation and a 20% increase in lead generation.
- Coordinated and monitored the overall schedule of marketing projects, ensuring smooth execution and alignment with business goals, leading to a 20% improvement in project completion rates.
- Ensured timely follow-ups with prospects and maintained ongoing communication, nurturing relationships and increasing conversion rates by 15%.
- Identified and implemented improvements in sales processes, enhancing efficiency and effectiveness and improving the buyer journey, leading to a 15% increase in process efficiency.

Mutual Benefit Life Assurance Ltd

Project Support Officer

2016 - 2018 (2 years)

Conducted in-home and group presentations to explain insurance policy guidelines and benefits to clients and their families, ensuring a thorough understanding of available options and fostering trust. Monitored insurance project budgets and expenses, ensuring adherence to financial guidelines and preventing cost overruns.

- Reviewed and responded to insurance inquiries, effectively accommodating various requests and building the agency's reputation as a reliable support officer.
- Assisted in the onboarding and training new project team members, ensuring they were equipped with the necessary tools and information to succeed.
- Scheduled and coordinated meetings with internal and external stakeholders, ensuring all parties were informed and engaged, leading to a 15% improvement in stakeholder satisfaction.
- Created and maintained comprehensive Life Insurance project documentation, including project plans, status reports, and meeting minutes, ensuring accuracy and compliance.
- Resolved customer issues and complaints with empathy and efficiency, ensuring a positive and satisfactory customer experience while maintaining the organisation's reputation.
